MEMORANDUM FOR: Deputy Director for Support

Bob:

The Vice President's office continues to call my office to make requests for transportation for other than the early morning run to which we have agreed. I understand that it has not been possible for you to get together with [ ] on this matter, but I would like to ask you to do so without further delay.

We of course want to be of service to the Vice President, but I think we must have some understanding as to the limit of this service. We seem to have an increasing number of demands at all hours of the day when [ ] is away and [ ] is substituting for him. In fact, several times recently I have been without transportation because of urgent calls from [ ] or someone else in Mr. [ ] office. It is also my understanding that at least some part of the chauffeur's time is being used for courier runs and personal service, which is not consistent with my understanding with [ ]

I am sure that George will understand the problem and will be most anxious to straighten it out. When their transportation requirements are determined, I would like to have them levy their requests on someone other than my office.
